3rd European Congress of Actuaries

DO NOT MISS THIS NETWORKING OPPORTUNITY FOR EUROPEAN ACTUARIES AND MARK YOUR CALENDAR!

The third European Congress of Actuaries will discuss the professional challenges in the traditional work areas of actuaries as well as in new areas of activity and new opportunities: new technologies, data science and cyber risks, behavioral finance, consumer protection, independent advice, capital standards, implementation of Solvency II, IORP, actuarial skills in wider fields and much more...

The target audience includes practitioners, actuaries and academics, risk managers working in industry, decision makers and other professionals interested in the future of risk management in Europe.

The programme will consist of plenary sessions with outstanding guest speakers and parallel streams with presentations covering congress topics.

The Call for Papers will open in autumn 2018.
