

To join our recently set up and rapidly growing actuarial team, we are looking to hire a talented and driven

Actuary

Who we are

Aegon is an international financial service holding company headquartered in The Hague, Netherlands. Our ambition is to build leading businesses that provide customers with investment, protection, and retirement solutions. The company operates in multiple locations across the globe, with core markets in the UK and the US, partnerships in Spain & Portugal, Brazil, and China and an Asset Management organizations with locations in UK, US, NL and Hungary.

Aegon Global Business Solutions Center supports these businesses with IT, Finance, Risk, Model Validation, Actuarial, Audit and Asset management services with a growing team of approx. 300 people, based in Budapest, Hungary.

Transamerica is a leading US life, health and pension insurance company (within the top 10 life insurers on the US market) with a seasoned history. As of June 2023, the company maintains an Available Capital of USD 6.3 billion and boasts a workforce of approximately 10.000 employees.

Purpose of the job

Review and validate various actuarial models within Transamerica, in close cooperation with local model owners or validation teams depending on the line of defense, based on approved methodology and in line with defined maturity levels for each key element of Transamerica's and Aegon's internal framework, to provide assurance on the integrity of models used and ensure models are well developed, tested, controlled, and kept in a secure environment.

What we are looking for

- Experience in the life, health or pension actuarial field either in a corporate or consultancy setting
- Proficiency in English
- Self-starting, pro-active, energized and 'can-do' attitude
- Technical mindset with a keen mind for problem solving
- Knowledge of actuarial software (i.e. Prophet, AXIS, MoSes, RAFM) or programming languages (R, Python, VBA) is a plus

What you can find with us

- Highly competitive annual pay (based on the Hays Hungary Salary Guide)
- Personal mentoring at the start of your career with us
- Actuarial work covering a broad spectrum of life, health & pension of your liking
- Flexible working hours and hybrid work option (one mandatory office day per month, equipment and budget for remote work), for a good work life balance
- Yearly training budget, plus a large pool of in-house training to choose from
- Complex people programs to support your individual and team development
- Pension and medical plan
- Opportunity to work with international offices and businesses, while being based in Budapest
- And last, but not least: fun and energetic, on the ground and global team!
