

ACTUARIAL ADVISORY MANAGER

Our dynamically growing actuarial department is looking for an **Actuarial Advisory Manager** into **our cash-flow modelling team**.

Required professional background and skills:

- **5+ year** relevant professional **experience** gained in **consulting / insurance industry**
- **Experience in life cash-flow modelling technics** and in at least **actuarial cash-flow modelling software solution** (Prophet, RAFM etc.)
- **Good understanding of** structure, features and financial aspects of **life insurance products**
- Graduated in **Actuarial Science**
- Strong command of spoken and written **English**
- Strong **analytical and / or modelling skills**
- **Flexible way of thinking** and working
- **Team player** attitude but also capability to **work independently**
- **Excellent MS Office** knowledge (Excel, Word, Power Point)

We consider as an advantage:

- Hungarian and German language knowledge
- Graduated in Actuarial Science

Your future role:

Curious about applying your modeling expertise across different countries, various insurers, and diverse objectives? Join the region's premier actuarial modeling team and take part in dynamic projects spanning multiple industries and locations.

As an Actuarial Advisory Manager, you will:

- **Lead and cultivate the growth** of our exceptional Hungarian actuarial modeling team.
- **Dive into dynamic projects** creating, enhancing, and applying tailored actuarial cash-flow models for clients.

- **Collaborate** closely with **Deloitte's esteemed Actuarial Modeling Center**, driving innovation and precision.
- **Shape the future** of actuarial excellence within Deloitte's Hungarian office.

What we offer:

- You'll have the chance to expand your **insurance modeling expertise** by engaging in **both local and international projects**, collaborating with various insurance firms, exploring diverse products, and tapping into foreign markets.
- Participating in a multitude of actuarial modeling ventures will allow you to refine your skills further, ensuring **continuous growth and development**.
- Your knowledge will soar with **hands-on training**, involvement in **actuarial workshops and conferences** both domestically and internationally, with potential secondment opportunities across Europe.
- Enjoy a competitive salary package alongside an array of benefits, including **yoga sessions**, and comprehensive **health and fitness programs**.
- Join our motivated team, where company events like **skiing trips, happy hours, festive celebrations, and summer team-building activities** are just some of the many perks awaiting you.
- We value **work-life balance**, which is why we offer a **hybrid work schedule** to accommodate your personal and professional needs seamlessly.
- Experience an inviting and contemporary **work environment** situated in the heart of Budapest, ensuring both **convenience and comfort**.

About Deloitte:
