

What impact will you make?

deloitte.hu

Join our Actuarial Team as a Senior Actuarial Consultant!

Are you ready to dive into diverse actuarial challenges and gain hands-on experience across the insurance sector? We're looking for someone who is passionate, curious, and ready to make an impact.

● The ideal candidate:

- Brings 4+ years of actuarial experience and a strong foundation in at least one specialized area (life/non-life reserving, pricing, cash flow modeling, etc.).
- Is fluent in English and confident with MS Office tools (Excel, Word).
- Enjoys variety and thrives in a dynamic environment.
- Has excellent analytical skills and approaches challenges with flexibility and creativity.
- Works well in a team but can also take ownership and deliver independently.

● You'll contribute to impactful projects, from audits and reserve assessments to regulatory compliance (e.g., IFRS 17) and insurance company valuations, serving both domestic and international clients:

- Work with **multiple insurers across different countries**, exploring their products, operations, and markets.
- Master leading **actuarial tools** like Prophet, Addactis IBNRS, SQL, R, Python, VBA, and Tableau.
- Collaborate in an **international environment**, using English daily.
- **Engage directly with clients**, attending, coordinating, and leading meetings.
- **Mentor and support junior team members** through feedback, workshops, and training.

● What we offer:

- A **buddy and a mentor** will support you from Day 1
- A welcoming and passionate **team of experts**
- Attractive and **modern working environment** with great location in the heart of Budapest near **Heroes' Square**
- Possibility for **hybrid way** of working
- Enjoy our **team building** activities (All Staff events, team building on department level)
- **Employee Assistance Program** – psychological financial and legal consultation opportunity free of charge
- **20% discount in Life1 gyms**
- Company **sport clubs** – yoga, running, basketball, football

● About Deloitte:

Deloitte is one of the world's leading professional services firms, offering world-class solutions in audit and accounting advisory, tax and legal advisory, enterprise risk, financial, and business consulting services to clients in 150 countries, with more than 450,000 employees.

● About the team:

Deloitte's actuarial team supports clients across a wide spectrum, including audits, employee and pension benefit calculations, regulatory compliance (e.g., IFRS 17), and insurer valuations and due diligence, serving both domestic and international clients.
